Served as Puntuality Prefect for 2007-2009 academic year

Skills

Communication Skills, Time management, Computer literacy, Microsoft word, Articulate 360, PowerPoint, Canva, Corel-Draw, Synthesia, Leadership, Teamwork

Experience

City King Engineering Service

Field Operator • Somolu, Lagos 01/2022 - Present

- Managed electrical and solar installation, maintenance, troubleshooting, and repair projects.
- Conducted site assessments, load calculations, material estimation, installation, testing, and commissioning.
- Supervised field operations, technicians, project schedules, and client relationships.
- Prepared quotations, project proposals, and technical documentation.
- Delivered hands-on domestic and commercial electrical services while maintaining safety and quality standards.

WeGroup Consultancy

Instructional Designer • Somolu, Lagos 10/2025 - 06/2026

- Designed and developed end-to-end learning solutions, translating complex technical and professional subject matter into engaging, learner-centric digital and instructor-led curricula.
- Applied established instructional design frameworks (such as ADDIE and SAM) alongside modern adult learning theories to create high-impact training materials, interactive modules, and comprehensive assessments.
- Collaborated closely with subject matter experts (SMEs), stakeholders, and multimedia teams to align learning objectives with business KPIs and performance outcomes.
- Built accessible, mobile-responsive e-learning content using authoring tools like Articulate Storyline, Adobe Captivate, and Figma, increasing learner engagement metrics by [70]%.

Meritland Group of School

Subject Teacher • Badagry,Lagos 01/2020 - 10/2023

- Designed and delivered comprehensive curricula for Technical Drawing and Basic Technology, aligning lessons with West African Examinations Council (WAEC) standards for both junior (BECE) and senior (WASSCE) levels.
- Cultivated strong spatial reasoning, drafting precision, and foundational engineering concepts among students, leading to a consistent 95%+ pass rate in external examinations.
- Developed engaging practical sessions and hands-on technical projects that bridged theoretical textbook concepts with real-world applications.
- Assessed student progress through continuous coursework, standardized mock examinations, and targeted diagnostic feedback to address individual learning gaps.

Oris Electrical Serivces

Operations Manager • Badagry, Lagos 01/2020 - 12/2021

- Led teams in field installations of electrical equipment and appliances for domestic and industrial projects
- Assisted in maintenance and repairs of substations and transformers
- Managed and analyzed user-generated data points to improve service usage
- Identified and reported security vulnerabilities in services, resulting in CVEs and patches
- Developed a custom dashboard for monitoring performance and uptime
- Ensured projects were completed within strict time and budget constraints

Chucks College

Tutor and Mentor • Badagry, Lagos 01/2016 - 09/2017

- Taught various subjects hands-on to students
- Developed and implemented personalized learning plans for students
- Provided mentorship and guidance to students to enhance their academic performance
- Utilized effective communication skills to explain complex concepts to students
- Monitored student progress and adjusted teaching methods accordingly
- Collaborated with colleagues to create engaging and interactive learning materials

Languages

English, Yoruba, Pidgin

Certificates

Coursera Instructional Design, Certificate of Outgoing Leadership as President, GHIT - Solar Engineer , Certificate of Apprenticeship , Diploma in Computer Operations and Graphic Designs

Awards

Course Representative of the Year, 2026
