PROFESSIONAL SUMMARY

I am an architect with a passion for designing spaces that foster meaningful interactions between people and their environment. I graduated with a Second Class degree in Architecture from Bells University of Technology, with interests in space planning, urban renewal, and interior design.

My experience includes a year of interior architectural practice at DTO Design during my NYSC program as a graduate, as well as over a year at Neilz Design Fitout as a Presentation Architect, where I contributed to more than 15 projects in total. I strive to create functional, innovative, and sustainable design solutions that enhance user experience.

SKILLS

Space planning, Design research, Material Selection, Problem Solving, Leadership, Communication, Presentation, Team work, Creative Thinking, Emotional Intelligence, Attention to Details, Customer service.

WORK EXPERIENCE

Graduate Architect / Graphics Designer | DTO Design Limited | June. 2025 till Present

Architectural Presentation Development: Skillfully create and manage comprehensive architectural presentations, including floor plans, 3D renderings, mood boards, selection sheets, and design proposals.

Design Procurement: Support the sourcing of essential design components to elevate both the functionality and aesthetic quality of the project.

Project Coordination: Contribute actively to design team meetings to ensure visual alignment, communicate design intent effectively, and synchronize presentation materials with overall project objectives for smooth execution.

Graphic Design & Visual Communication: Developed social media graphics, branding materials, and illustrations to support the firm's visual identity and digital presence.

WORK EXPERIENCE

Presentation Architect (Contract) | Oteearchitects | April. 2025 till Nov 2025

Architectural Presentation Development: Developed graphical floor plans and presentation layouts that effectively communicated design concepts, spatial planning, and material selections to clients.

Design Procurement: Developed company profiles and project portfolios that enhanced brand identity and supported business development efforts.

Presentation Architect | Neilz Design Fit-Out | Mar. 2024 till May 2025

Architectural Presentation Development: Proficiently produce and oversee detailed architectural presentations, including floor plans, 3D renderings, lighting schemes, mood boards, selection sheets, and design proposals.

Design Procurement: Assist in sourcing key design elements to enhance project functionality and aesthetics.

Project Coordination: Actively participate in design team meetings to maintain visual consistency, ensure design intent is clearly communicated, and align presentation outputs with overall project goals for seamless execution.

3D Visualization: Post-process 3D renderings to create visually engaging narratives for clients and stakeholders.

Design Lead | Freelancer | Ay - Studio | Mar. 2023 till Jan. 2024

Architectural Design & Visualization: Produced 2D architectural floor plans using Adobe Photoshop, transforming concepts into clear, engaging designs. Created graphic renderings and models using Photoshop and Revit, delivering detailed, visually compelling representations.

Brand Identity Development: Collaborated with various brands to create and enhance their profiles and visual identities, ensuring alignment with their core values and vision.

Logo & Brand Design: Crafted unique brand identities and logos that resonate with clients, accurately reflecting their essence and business values.

Visual Content Creation: Designed a wide range of visual materials, including flyers, book designs, banners, custom shirt designs, and innovative packaging solutions tailored to clients' specific goals and objectives.

Architectural Intern | Kawrry DDC | April – September 2022

Design Support & Collaboration: Assisted the design team in developing key components of the Kawrry DDC building project, contributing to concept development and design refinement processes.

Series Documentation: Participated in the creation of detailed architectural drawings and construction documents, with a focus on series detailing to ensure accurate execution on-site.

Site Visitation & Supervision: Conducted regular site visits to monitor construction progress, verify detail implementation, and ensure alignment between on-site activities and design intent.

TOOLS

Adobe Photoshop, Adobe Illustrator, Canva, Figma, Revit, Sketch up, Enscape, AutoCAD, Lumion.

CERTIFICATIONS AND TRAINING

Autodesk Revit – Udemy, Graphics Design – Fortrex Studios, Photoshop for Architectural Visualization – Udemy, Digital Marketing – Udemy.

Leadership and Activities

- Captain, Football Team – Bells University of Technology.

EDUCATION

B.sc Architecture | Bells University of Technology, Ota, Ogun State.
