20, Sunshine Street, Upper Ekhewan Road, Benin City, Edo State

EDUCATION

Bachelor of Medical Laboratory Science (B.MLS)
Madonna University, Elele, Rivers State
Graduated July 2023

West African Examination Council (WAEC)
Presentation National High School, Benin City
Graduated July 2017

First School Leaving Certificate (FSLC)
Our Lady of Apostles Private School, Benin City
2011

CERTIFICATIONS & AWARDS

Medical Laboratory Practicing Licence
Medical Laboratory Science Council of Nigeria (MLSCN)
October 2026 – Till date

Adult First Aid, CPR & AED – HeartSaver
American Heart Association
June 2025 – June 2028

Human Energy Award
Chevron Nigeria Limited
September 2026 – Award for outstanding performance

SKILLS

- Effective communication & critical thinking
- Clinical laboratory procedures
- Research & data analysis
- Attention to detail
- Microsoft Office Suite
- Collaboration & teamwork
- Problem-solving
- Time management

HOBBIES & INTERESTS

Cooking · Reading · Travelling · Volunteering

PROFESSIONAL SUMMARY

Medical Laboratory Scientist with hands-on experience across clinical diagnostics, patient specimen handling, and multidisciplinary hospital care, built through an internship at Chevron Hospital and clinical rotations at Madonna University Teaching Hospital spanning Haematology, Chemical Pathology, Medical Microbiology, Blood Transfusion Science, Histopathology, and Immunology/Serology. Brings additional direct patient-care experience from nurse assistant work in outpatient, maternity, and surgical units, and is currently pursuing a master's degree in Adult Nursing to strengthen the bridge between laboratory diagnostics and bedside nursing care. Known for strict adherence to biosafety and quality standards, strong attention to detail, and a collaborative, evidence-based approach to improving patient outcomes.

WORK HISTORY

Intern Medical Laboratory Scientist
Sept 2025 – Sept 2026

Chevron Hospital (CHOW), Warri, Delta State

- Collaborated with multidisciplinary healthcare teams to provide efficient, patient-centred diagnostic services.
- Maintained strict adherence to biosafety, infection prevention, and laboratory health and safety regulations.
- Collected, processed, labelled, and analysed patient specimens, ensuring accuracy and integrity throughout the testing process.
- Enhanced knowledge and practical skills in laboratory diagnostics, quality management systems, and evidence-based healthcare practices.
- Ensured confidentiality of patient information and compliance with ethical and regulatory requirements.

Nurse Assistant
Oct 2024 – June 2025

De-Shekinah Clinic/Maternity, Warri, Delta State

- Assisted nurses and physicians in providing quality patient care in outpatient, inpatient, maternity, and surgical units.
- Assisted with medication administration, wound dressing, injections, and other basic nursing procedures under supervision.
- Provided preoperative and postoperative care, ensuring patient comfort, safety, and recovery monitoring.
- Gained hands-on experience in operating theatre procedures, surgical aseptic techniques, and perioperative patient care.
- Maintained accurate patient records and ensured compliance with healthcare and safety standards.

Student Medical Laboratory Scientist
Jan 2021 – July 2024

Madonna University Teaching Hospital (MUTH), Elele, Rivers State

- Assisted in collecting blood samples from patients under supervision.
- Participated in clinical laboratory rotations across Hematology, Chemical Pathology, Medical Microbiology, Blood Transfusion Science, Histopathology, and Immunology/Serology departments.
- Acquired proper techniques for labelling, storing, and transporting blood specimens to maintain sample integrity.
- Acquired hands-on experience in the operation, calibration, and maintenance of automated hematology analyzer, chemistry analyzer, microscopes, centrifuges, and blood banking equipment.
- Maintained excellent compliance with laboratory safety regulations, infection control practices, and professional ethics throughout the training period.
