PROFESSIONAL PROFILE

Experienced and dedicated Mechanical Engineer with over 15 years of professional experience in manufacturing and industrial environments, including aluminium rolling, packaging, food and beverage production, and paper manufacturing. Experienced in mechanical equipment operation, maintenance, troubleshooting, preventive maintenance, and ensuring reliable performance of industrial machinery. A hardworking, safety-conscious, and dependable professional with the ability to work effectively both independently and as part of a team.

CAREER OBJECTIVE

To obtain a challenging position as a Mechanical Engineer where I can utilize my technical knowledge, practical engineering experience, and problem-solving abilities to contribute to the efficient operation and maintenance of industrial equipment while continuing to develop professionally.

WORK EXPERIENCE

QUANTUM PAPER LIMITED

Mechanical Engineer | **2023 – Present**

- Carry out routine inspection and maintenance of mechanical equipment and machinery.
- Diagnose mechanical faults and participate in troubleshooting and repairs.
- Perform preventive and corrective maintenance to improve equipment reliability.
- Monitor machinery performance and identify potential mechanical problems.
- Support the smooth and efficient operation of production equipment.
- Ensure compliance with workplace safety procedures during maintenance activities.
- Work with other technical and production personnel to minimize equipment downtime.

CWAY FOOD AND BEVERAGES

Mechanical Engineer | 2017 – 2023

- Maintained and serviced mechanical equipment used in food and beverage production.
- Performed preventive and corrective maintenance on production machinery.
- Identified mechanical faults and carried out necessary repairs and adjustments.
- Assisted in minimizing machine downtime through timely troubleshooting and maintenance.
- Conducted routine equipment inspections and monitored machine performance.
- Worked closely with production and other engineering personnel to ensure uninterrupted production.
- Observed established health, safety, and operational procedures.

EAGLE PACKING NIG. LTD.

Mechanical Engineer | 2009 – 2014

- Maintained and repaired mechanical equipment used in packaging operations.
- Conducted routine inspection and servicing of machinery.
- Diagnosed mechanical faults and carried out corrective maintenance.
- Assisted with installation, adjustment, and maintenance of production equipment.
- Supported production operations by ensuring machinery remained functional and reliable.
- Followed safety procedures and good engineering practices.

TOWERAL ALUMINIUM ROLLING MILL, OTA

Mechanical Engineer | 2007 – 2009

- Performed maintenance and servicing of mechanical equipment used in aluminium rolling operations.
- Conducted routine inspections to identify mechanical faults and equipment defects.
- Assisted with troubleshooting, repairs, and replacement of faulty mechanical components.
- Participated in preventive maintenance activities to reduce equipment breakdowns.
- Supported the engineering and production teams in maintaining efficient plant operations.
- Followed workplace safety standards and maintenance procedures.

EDUCATIONAL QUALIFICATION

GOVERNMENT TECHNICAL COLLEGE, IGBESA, OGUN STATE

Diploma in Mechanical Engineering and Trade Test
Year: 2009

CORE TECHNICAL SKILLS

- Mechanical equipment maintenance
- Preventive and corrective maintenance
- Mechanical troubleshooting
- Machinery inspection and servicing
- Fault diagnosis and repair
- Industrial machinery operation and maintenance
- Equipment installation and adjustment
- Production equipment support

Basic workshop practices

- Use of mechanical hand tools
- Equipment reliability and downtime reduction
- Workplace health and safety

PERSONAL ATTRIBUTES

- Hardworking and dependable
- Strong problem-solving ability
- Safety-conscious
- Good team player
- Responsible and disciplined
- Willingness to learn and adapt
- Able to work under pressure
- Good communication and interpersonal skills
- Able to work independently with minimal supervision
