SKILLS

- Water Treatment
- Chemical Dosing
- Equipment Monitoring
- Quality Documentation
- Preventive Maintenance
- Packaging Operations
- Mechanical Engineering
- Process Control
- Safety Compliance
- Inventory Management
- Production Operations
- Machine Operation
- Quality Inspection
- Record Keeping
- Team Collaboration

PERSONAL ATTRIBUTES & COMPETENCIES

- Works well under pressure
- Good interpersonal skills
- Team player with integrity
- Self-motivated and result-oriented

ABOUT ME

Production and water treatment professional with hands-on experience in packaging operations, chemical dosing, and equipment monitoring. Skilled in quality documentation, preventive maintenance, and safety compliance. Committed to teamwork and meeting production targets. Seeking to apply technical skills and dedication in a growth-oriented organization.

WORK EXPERIENCE

Water Technician

Nigerian Bottling Company, Asejire Plant
2018-till date

— Dosing chemicals at pre-water treatment stage according to set standards.
— Carrying out equipment monitoring as per checklist and documenting findings.
— Recommending corrective actions based on equipment monitoring results.
— Ensuring water treatment processes meet quality and safety requirements.
— Maintaining accurate records of chemical usage and treatment parameters.
— Supporting preventive maintenance schedules for water treatment equipment.

Assistant Production Operator

Tempo Paper Pulp and Packaging Plc (BOPP)
2013-2015

— Operated production machinery and equipment to meet daily output targets.
— Monitored production processes and adjusted settings to maintain quality standards.
— Inspected finished products for defects and documented quality findings.
— Maintained clean and organized production workstations and equipment.
— Assisted in stock taking and inventory of raw materials and finished goods.
— Followed safety procedures during production and handling of materials.

PROJECTS

Water Treatment Process Monitoring

— Monitored pre-water treatment chemical dosing and documented findings.
— Recommended corrective actions to maintain water quality standards.

ACHIEVEMENTS

- Maintained consistent water treatment quality records at Nigerian Bottling Company.

- Excellent communication skills
- Attention to detail
- Willingness to learn
- Flexible and adaptable

HOBBIES & INTERESTS

- Reading
- Sports
- Researching

LANGUAGES

- English – Excellent

- Met daily packing targets at Tempo Paper Pulp and Packaging Plc.
- Completed NABTEB certification in Mechanical Engineering & Craft Practice in 2018.
- Achieved National Diploma in Mechanical Engineering from The Polytechnic Ibadan.
- Supported equipment monitoring that reduced downtime at Asejire Plant.
