ABOUT ME

A data-driven and detail-oriented aspiring Data Analyst with skills in data cleaning, data transformation, analysis, and visualization. Proficient in Power BI, Microsoft Excel, and SQL for organizing data, identifying trends, generating insights, and supporting informed decision-making. Also experienced in AI-powered content creation using tools such as ChatGPT, Gemini, Grok, and Whisk to develop engaging digital content. Combines analytical thinking with creativity, with additional experience in mobile photography and visual storytelling. Passionate about using data and technology to solve problems and deliver meaningful results.
