OSENI RAMIYAT ADEBOLA

Phone: 08116540684
Email: Oseniopeyemi78@gmail.com
Location: Surulere, Lagos State, Nigeria

PROFESSIONAL PROFILE

A dedicated and detail-oriented Biochemistry graduate from the Federal University Oye-Ekiti with practical experience in medical laboratory procedures, scientific research, and innovative STEM education. Passionate about applying analytical, laboratory, and problem-solving skills to contribute effectively in healthcare, research, education, and administrative environments. A quick learner with excellent communication, teamwork, and organizational abilities, committed to continuous professional development and delivering high-quality results.

CAREER OBJECTIVE

To obtain a challenging position in a reputable organization where I can apply my academic knowledge, laboratory experience, research skills, and administrative abilities while contributing to organizational growth. I am eager to continuously develop professionally, embrace new challenges, and make meaningful contributions through dedication, innovation, and teamwork.

EDUCATION

- **FEDERAL UNIVERSITY OYE-EKITI (FUOYE)**
  Bachelor of Science (B.Sc.) in Biochemistry
  Graduated: August 2024

PROFESSIONAL EXPERIENCE

STEM Lab – NYSC Place of Primary Assignment (PPA)
STEM Education Facilitator September 2025 – June 2026

Responsibilities:

- Facilitated innovative STEM learning activities through project-based and hands-on instruction.
- Supported students in exploring science, technology, engineering, and mathematics concepts using creative teaching methods.
- Guided students during demonstrations, experiments, and interactive learning sessions.
- Encouraged critical thinking, creativity, and problem-solving through practical STEM projects.
- Collaborated with colleagues to organize educational programs, workshops, and STEM-related activities.
- Maintained learning materials and ensured adherence to safety procedures.

Tri-N-ity Medical Laboratory

SIWES Intern January 2023 – September 2023

Responsibilities:

- Assisted with routine laboratory investigations and specimen processing.
- Prepared laboratory materials and maintained laboratory equipment.
- Observed and supported diagnostic testing procedures.
- Maintained accurate laboratory records and documentation.
- Followed laboratory safety protocols and quality assurance procedures.
- Worked effectively with laboratory personnel to ensure efficient service delivery.

RESEARCH EXPERIENCE

Undergraduate Research Project July 2024

Title: Effects of Co-administered Lemon (Citrus limon) Leaf Alkaloid Extract and Donepezil on Redox Status Biomarkers in the Cortex of Scopolamine-Induced Amnesic Rats.

Summary:

- Conducted experimental laboratory research on neuroprotective effects of plant-derived alkaloids.
- Performed data collection, laboratory analysis, and interpretation of research findings.
- Applied biochemical techniques in evaluating oxidative stress biomarkers.
- Prepared and presented research findings as part of degree requirements.

CERTIFICATION

- Virtual Assistant Training Certificate

KEY SKILLS

- Communication Skills
- Attention to Detail
- Time Management
- Problem-Solving
- Team Collaboration
- Adaptability
- Laboratory Techniques
- Scientific Research
- Data Documentation
- Microsoft Office Suite (Word, Excel, PowerPoint)

INTERESTS

- Scientific Research
- Healthcare and Medical Laboratory Practice
- Learning New Technologies
- Community Development
- Reading and Personal Development
